ARTWORK GUIDELINES

Any images or photographs should be a minimum of **300dpi at ¼ of finished size**. Please remember that when you double the size of an image the dpi is halved, so for example if you supply an image at 300dpi at ¼ size when printed at full size it will equate to 75dpi.

This is considered acceptable when viewed from a distance of **3-5 Meters**. Any text should be supplied converted to outlines or curves and any logos should ideally be in vector format.

Please supply artwork with **5mm bleed** and cut marks.

File types - .eps .pdf or .ai **for illustrator files please save back to CS2** or earlier. If you have any specific spot colours, please supply a **pantone SPOT colour reference** not a CMYK reference for these, this will help us to match as closely as possible.

For further information or quotations for graphics please email sophie@eventexhibitions.co.uk
